

S K INDUSTRIES

Introduction

S.K. Industries has been established 2018 to cater the needs of customers who are looking for quality machined components, Jig Fixtures, SPM's and its timely delivery with a competitive price tag.

Mission , Vision & Core Values

Core Values

- Customer Centric
- Teamwork
- Excellence
- Innovation
- Passion

Mission

To exceed our customers expectations by contributing Customers profitability and sustainable competitive advantage by safety , Quality and on time delivery.

Vision

To be most favored one stop solution provider to industry leaders in machining field to power their success.

ISO 9001:2015 Certificate

ISO certificate

Capability's

Raw material worked on

- SS 316L/316
- SS 304
- Inconel – 718
- 13 Cr / 9 Cr
- 17-4Ph
- SS 300 series
- Aluminum
- Bearing Bronze
- 4140/4130 Steel

Threading Type

- Acme
- Stub ACME
- RD Threading
- Buttress
- API (without License)
- UN
- All Taper And Metric Threads

Special process Worked on

- Molykote
- Phosphate – Zn
- Xylan
- Cu plating
- QPQ
- Glass Beading
- Dry honing
- Tin Coating

Machining process

- Thread Blunting
- Broaching On Turning center
- Knurling

Machining capacity

CNC Turning Machine (JYOTI) --(03 No's)

Chuck Size : 200mm
Max. Turning Diameter : 300mm
Max. Turning Length : 500mm
Max. Number of Tools : 08

CNC Turning Machine (TC-3 TAKISAWA)

Chuck Size : 250mm
Max. Turning Diameter : 300mm
Max. Turning Length : 500mm
Max. Number of Tools : 12

Machining capacity

VMC Machine (AMS) 850 V – 2 Nos

- Table Size : 1000x550 mm
- Tool Sank Type : Mas BT40
- Max. Load on Table : 300kg
- Max. Number of Tools : 24

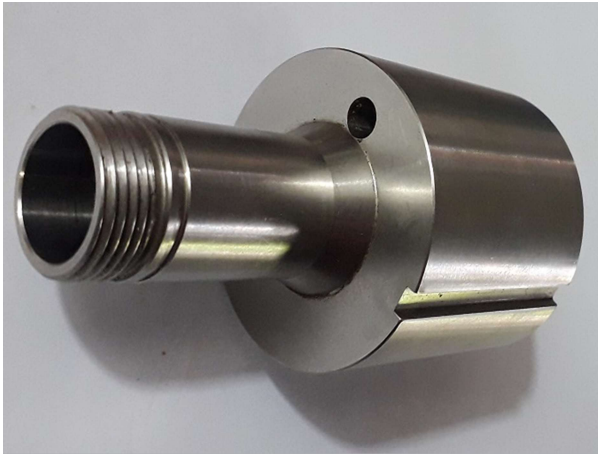

List of instruments

- | | | |
|---------------------------|--------------------------------|--------------------|
| ❖ Digital Vernier Caliper | Range : 0-150mm | (Baker Make) |
| ❖ Digital Vernier Caliper | Range : 0-200mm | (Mitutoyo Make) |
| ❖ Micrometer | Range : (0-25-50-75-100-150)mm | (Mitutoyo Make) |
| ❖ Bore Gauge | Range : (18-35-50-150)mm | (Mitutoyo Make) |
| ❖ Slip Gauge | Range : 0.5-100mm | (Mahr Make) |
| ❖ Digital Height Gauge | Range : 0-600mm | (Electronica Make) |
